

CITY OF LYNDEN
APPLICATION FOR
SHORELINE VARIANCE PERMIT

Permit Application # _____

1. Describe the unique conditions of the subject property (such as size, shape, topography, location or surroundings) NOT CREATED BY THE OWNER OR APPLICANT which are the cause of the hardship situation.

2. Describe the hardship which will result from the literal interpretation and strict application of the requirements of Lynden's Shoreline Management Master Program.

3. Is the development proposed for the subject property similar to other developments which presently exist in the immediate vicinity (and within the same shoreline environment)? In what respect is the proposed development similar to existing developments? In what respects (if any) does it differ? Give specific illustrations if possible.

4. What use(s) can be made of the subject property if the requested Shoreline Variance is not authorized? _____

This application must accompany a shoreline substantial development permit and all the required drawings and supplemental information.
